## ➡ Over Observation before Project

- ◆ There were number ICDS Centers without drinking water facility.
- ◆ Children are habituate to drink water frequently but due to lack of water they do want to come at the Anganwadi.
- ◆ Helpers and Workder were brought out water from their home which was made their job boring.
- ◆ Due to lack of water most of the center wad dirty sometime which may lead illness into children.
- ◆ It was very difficult to wash hand of children after urine and toilet.
- ◆ After supplementary food children went home with dirty hand and their parents feel guilty and shame. Some time it leads poor approach towards

## ➡ Project Outcome

- ◆ Children and Workers are easily access clean and safe drinking water at the ICDS Center.
- ◆ Anganwadi become Neat and Clean.
- ◆ Healthy atmosphere has improved the quality of Anganwadi Worker.
- ◆ Parents feel good about the sanitation and cleanliness after seeing the drinking water facility at the Anganwadi.
- ◆ Heaper is able to give more time to children for caring.
- ◆ Anganwadi become “growth center” where in everybody are enjoying their

## ← || Snapshots of the Project || →

Wow ! What clean water !  
I would come every day.

Let's work together !  
Children were also  
participating into project.  
Because they know this is for us.

Group of Children are enjoying their job at Anganwadi Center with their loving Anganwadi Worker and smiley face of the children says Gramin Vikas Trust has done beautiful job for us.

Anganwadi Center becomes clean and beautiful place for working where children with their parents are enjoying their job.

Safe Water storage tank will store not only water but also store the dream of children.

Work in a Progress...  
Villagers and local leader are equally participated to finish this task quickly

Thanks WASMO and GVT.  
We love you a lot.  
Now we enjoy to come here with our friends.  
Now we do not have any difficulties here.
